

8192 Channel Integrated GLV Module

An advanced technology ideal for demanding direct-write applications.

8192 Channel Integrated GLV Module Specifications

	Nominal	Maximum	Unit
Number of Pixels	8192		
Pixel Pitch	5		μm
Operating Wavelength	355		nm
Peak Power Density		640	W/cm ²
Optical Rise Time	250		nsec
Optical Fall Time	350		nsec
Amplitude Levels	7		
Column Rate		250	KHz
